Parent/Family Involvement in Education

The Board of Education recognizes the positive effects of parents/families' involvement in the education of their children. The Board is committed to strong parent/family involvement in working collaboratively with district staff as knowledgeable partners in educating district students. In order to implement the Board's commitment to parent/family involvement in education, the Superintendent will appoint a committee of parents, staff, and community representatives to serve as the district's Parent Involvement Committee. The Committee's responsibilities will include recommendations for program development, parent/staff training and program evaluation. Program evaluation reports will be prepared and submitted to the Superintendent annually by June 1.
